**blendtec**<sup>®</sup>  
THE WORLD'S MOST **ADVANCED** BLENDER™

“ We beat these machines up. We’re blending thousands and thousands of smoothies and drinks a day. Blendtec machines are **the only blenders that allow us to output such a high volume** and consistently provide a completely smooth product.”

**NIKKI KAPLAN**

Owner/Operator, Planet Smoothie at Penn Station  
New York, New York

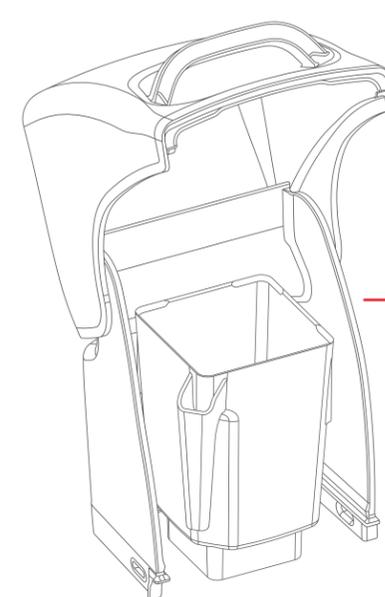

# FEED YOUR PASSION

WITH THE WORLD'S MOST ADVANCED BLENDER™

Pushing culinary boundaries. Serving more customers. Making and saving money. Whatever your goal, Blendtec® blenders make it easier to achieve.

## What makes Blendtec superior to all other blenders?

Consider these five key differentiators and their impact on your business.

### Durable, BPA-free Jar

Lightweight, advanced design increases blending efficiency and speeds up production time

### Uniquely Blunt Safety Blade

Completely safe to use and clean, plus up to 80% thicker and 10 times stronger than competitors' blades

### Hardened Metal Drive Socket

Never needs to be replaced, reducing overall cost of ownership, unlike other brands with plastic drive sockets that break easily

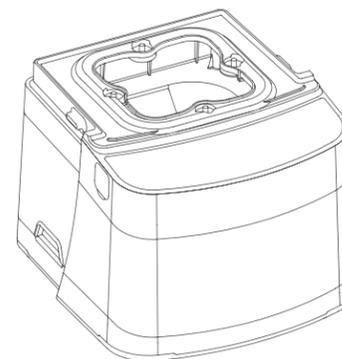

### Quiet, Ultra High-speed Motor

The industry's largest motors blend the toughest ingredients perfectly smooth

### Smart Touch Interface

Enables one-touch blending and doesn't harbor mold and bacteria like old-fashioned knob-and-dial blenders

All Blendtec blenders are designed and assembled in the USA.

# STEALTH 875™

**1875**  
WATTS

3.8 PEAK HP

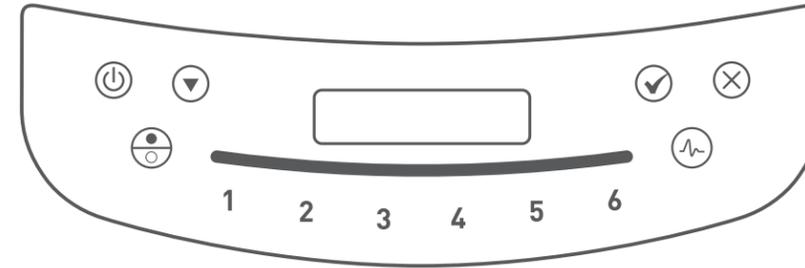

## The Ultimate Commercial Blender

For the ultimate in quality, power, and functionality, look no further than the award-winning Stealth. Features like customizable preprogrammed cycles and capacitive touch controls combine with innovative Stealth technology and industry-leading power to bring you the quietest, most advanced commercial blender in the world.

## Colors and Finish

## Interface

## Stealth Technology

The Stealth 875 includes a sleek sound enclosure and includes proprietary sound dampening and airflow innovations. These features allow it to operate at a sound level comparable to a normal conversation without compromising the power Blendtec is famous for, proving you can still have industrial strength power without industrial strength noise.

## Customizable Preprogrammed Cycles

The Stealth 875 comes equipped with 42 preprogrammed cycles and a USB port. For the ultimate in customization, users can create custom drink programs with the online BlendWizard™. This tool can create an unlimited number of blend cycles, and up to 14 can be stored on the blender.

## Advanced Design and Functionality

The Stealth 875's cutting-edge design and functionality deliver an advanced yet user-friendly blending experience. The 11-speed capacitive touch slider provides precision speed control, and the pulse button adds a burst of power. The Stealth 875 can be used on-counter or installed directly into the countertop.

## Features

<b>MOTOR</b>	1875 watt, 3.8 peak horsepower
<b>RECOMMENDED DAILY BLENDS</b>	200+
<b>PROGRAM CYCLES</b>	42 preprogrammed cycles
<b>COLORS</b>	Black, Stainless, Dark Roast, Berry, Mint

# CONNOISSEUR 825™

**1825**  
WATTS

3.8 PEAK HP

## High Volume, Low Noise

The Connoisseur 825 boasts industry-leading power and a wide range of state-of-the-art features designed to ensure speed, consistency, and quality with each and every order.

## Colors and Finish

## Interface

## Durable High-speed Motor

Perfect for high-volume shops, the Connoisseur 825 is a workhorse built with longevity in mind. The 1825 watt, 3.8 peak horsepower motor easily powers through the toughest ingredients, like ice and frozen fruit, without skipping a beat.

## Customizable Preprogrammed Cycles

The Connoisseur 825 includes 30 preprogrammed cycles that can blend your most popular recipes with perfect consistency. Our downloadable tool allows users to create an unlimited number of customized recipes, 6 of which can be stored on the blender at a time. Each cycle shuts off automatically, freeing up operators for other tasks.

## Sound Enclosure

For shops where noise is a consideration, the sound enclosure cuts blender noise in half, helping ensure an undisrupted atmosphere.

## Features

<b>MOTOR</b>	1825 watts, 3.8 peak horsepower
<b>RECOMMENDED DAILY BLENDS</b>	150+
<b>PROGRAM CYCLES</b>	30 preprogrammed cycles
<b>COLORS</b>	Black, Stainless

# CHEF 775™

**1775**  
WATTS  
3.8 PEAK HP

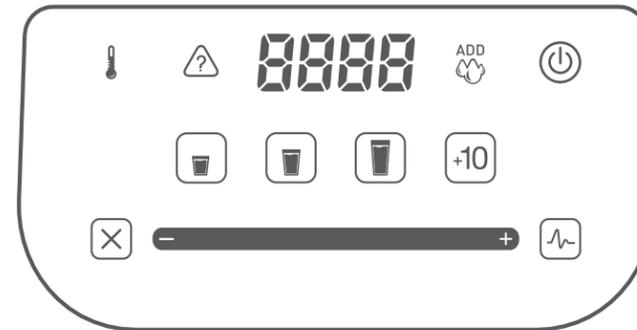

## Powerfully Versatile

The all-new Chef 775 combines versatility with innovative technology to consistently produce the perfect blends. Whether you're mixing drinks at the bar or creating new recipes in the back of house, the Chef 775 has the features you need to make each dish a masterpiece.

## Colors and Finish

## Interface

## SmartBlend Technology

The Blendtec Chef 775 is truly the blender with a brain. Our exclusive SmartBlend technology senses and identifies potential problems that could interfere with the blend—including loading errors, overheating, or air pockets—and then offers solutions.

## 8-Speed Capacitive Touch Slider + Pulse

The capacitive touch slider provides seamless precision speed control; simply move your finger up and down the slider to fine tune your blender's speed. The Pulse function adds a burst of speed and power.

## "Add 10" Function

The "Add 10" icon allows users to add 10-second intervals to blend cycles, providing completely customized blends. It also acts as a stand-alone 10-second cycle.

## Modern, Sophisticated Design

The Chef 775's slim design and chic palette of colors make it the perfect—and stylish—fit for any restaurant.

## Features

<b>MOTOR</b>	1775 watts, 3.8 peak horsepower
<b>RECOMMENDED DAILY BLENDS</b>	100+
<b>PROGRAM CYCLES</b>	Small, Medium, Large, +10, Pulse
<b>COLORS</b>	Gunmetal, Dark Roast, Berry, Mint

# CLASSIC 600™

**1600**  
WATTS

3.0 PEAK HP

## Custom Blending on a Budget

The Classic 600 is the ideal solution for businesses that want to launch a basic drink program. The Classic 600 provides entry-level pricing without compromising the power and quality Blendtec is famous for.

## Colors and Finish

## Interface

## Completely Customizable

For shops that offer just one type of drink or businesses that want to ease into a drink program, the Classic 600 can be customized to your needs. Machines can be programmed specifically for the unique requirements of different types of drinks, including smoothies, coffee, or milkshakes.

## One-Touch Controls

Operating the Classic 600 couldn't be easier. Presets for Small, Medium, and Large beverages make it easy for anyone to operate with little training. Each setting shuts off automatically, and a Pulse button provides a quick burst of needed speed and power.

## Powerful, Ultra High-speed Motor

The Classic 600 boasts a 1600 watt, 3.0 peak horsepower motor, one of the largest in the industry. It quickly and effortlessly blends tough ingredients like ice and frozen fruit to a perfectly smooth consistency each and every time.

## Features

<b>MOTOR</b>	1600 watt, 3.0 peak horsepower
<b>RECOMMENDED DAILY BLENDS</b>	60+
<b>PROGRAM CYCLES</b>	Small, Medium, and Large + Pulse
<b>COLORS</b>	Charcoal, Polar White, Porcelain Blue, Dark Roast, Berry, Mint

# SELF SERVE™ SMOOTHIE MACHINE

## Self Serve Smoothie Machine

Create hassle-free smoothies with the touch of a button! Ideal for convenience store owners, the Blendtec Self Serve Smoothie Machine takes the work out of blended drink programs. This fully-enclosed beverage system creates over 150 drink combinations.

In addition to producing fully-blended drinks, the Self Serve Smoothie Machine also cleans and sanitizes the dispensing lines, keeping the product flowing properly and consistently producing quality drinks.

- Powerful 3.0 Peak HP, 1600 watts direct-drive blender motor
- Over 150 different drink combinations
- Up to 7 custom flavor/additives
- 7 peristaltic pumps
- Illuminated LCD display shows instructions and status
- Self-contained, autosanitizing jar
- Custom graphics available for 2 side panels and front panel

## Blender + Product/Water Dispenser

Ensure each and every drink turns out perfectly each time with the BD8. By dispensing just the right amount of water and any combination of eight different products, the BD8 helps control cost and cut waste. Just add ice and let the BD8 do the rest!

- Powerful 3.8 Peak HP, 1800 watt direct-drive blender motor
- Up to 64 different drink menu items
- Multiple drink sizes
- 8 peristaltic pumps
- Flat panel interface
- Blue LCD display
- USB port for easy programming changes
- Enclosed, easy-to-clean station
- Custom panel graphics available
